FATHOM™ RANKS IN THE *INC.* MAGAZINE 34th ANNUAL LIST OF AMERICA'S FASTEST GROWING PRIVATE COMPANIES - THE INC. 5000

PHOENIX – August 26, 2015 – FATHOM Water Management, Inc. (“FATHOM™”) announced today that it was ranked No. 2960 on the 34th annual Inc. 5000, an exclusive ranking of the nation's fastest-growing private companies. The list represents the most comprehensive look at the most important segment of the economy—America’s independent entrepreneurs. Companies such as Yelp, Pandora, Timberland, Dell, Domino’s Pizza, LinkedIn, Zillow, and many other well-known names gained early exposure as members of the Inc. 5000.

“We are extremely honored to be ranked in this year’s Inc. 5000. The Inc. 5000 list has a history of identifying promising entrepreneurial companies before they became the well-known brands that they are today.” said Trevor Hill, Chief Executive Officer of FATHOM. “We have experienced phenomenal growth of 119% over the past three years and it is very rewarding to us that our products and services are helping to maintain sustainable communities while easing increasing financial constraints for municipalities across the United States.”

"The story of this year’s Inc. 5000 is the story of great leadership. In an incredibly competitive business landscape, it takes something extraordinary to take your company to the top," says Inc. President and Editor-In-Chief Eric Schurenberg. “You have to remember that the average company on the Inc. 5000 grew nearly six-fold since 2012. Business owners don’t achieve that kind of success by accident.”

“Our mission is simple—enable water utilities to increase revenue, decrease costs and save water while empowering and delighting their customers,” Mr. Hill continued. “By breaking down the traditional industry limitations and providing economies of scale, FATHOM is uniting our industry and enabling water utilities of all sizes to unlock the power of the data they already have to manage one of our most precious resources more efficiently and more effectively. There is strength in numbers.”
